

QPlus2

High Performance End Mills

Extended reach reduced costs

Tool shown 497100

QPlus2 is a performance tool for many general machine shop operations and applications. An excellent go-to tool with the benefit of extra flute lengths above the standard.

Designed with sharp corner geometry this tool is very useful when looking to achieve square corners in manufactured parts.

Unique recipe of material base and geometry

MX coating for excellent wear resistance

Sharp corner geometry

Tool shown 497025

QPlus2 4 flute variable end mill for a wide range of materials
